## Criterion 7 - Institutional Values and Best Practices

### Core Value

Integrity, Respect, Innovation, professionalism, learning this are the core values followed in the institute.

- Integrity as core value means that a person is self-aware, accountable, responsible, and truthful and that their actions are internally consistent. The word is encompassing honesty.
- Integrity develops or built relationship and trust between teachers and academic institute.
- Enhance teaching and learning techniques to creaking skills and providing knowledge.
- Focusing on teaching-learning through the process of self-evaluation and continuous improvement.
- Provide professional development programs to ensure excellence in teaching learning process.
- Encouraging the talent and developing a learning environment, to promote entrepreneurship, creativity and leadership.
- Motivate the students for acquiring new technologies, developing new ideas and innovative projects.
- To make significant contribution towards the growth of a healthy society through higher education and effective industry-institute interactions.
- Respect requires empathy, consideration, and a willingness to help. Institute believes in listening, communication, tolerance and curiosity to build relationship between teachers and students.
